**THE PRESERVE AT WILDERNESS LAKE
COMMUNITY DEVELOPMENT DISTRICT
NOTICE OF BOARD OF SUPERVISORS REGULAR MEETING**

Notice is hereby given that a regular meeting of the Board of Supervisors of The Preserve at Wilderness Lake Community Development District (the "District") will be held on Wednesday, February 7, 2024, at 6:30 p.m. at The Preserve at Wilderness Lake Lodge, located at 21320 Wilderness Lake Boulevard, Land O' Lakes, FL 34637. The purpose of the meeting is to discuss any topics presented to the board for consideration.

Copies of the agenda may be obtained from the District Manager, Vesta District Services, 250 International Parkway, Suite 208, Lake Mary, Florida 32746, Telephone (321) 263-0132, Ext. 285.

The meeting is open to the public and will be conducted in accordance with the provisions of Florida law for community development districts. The meeting may be continued in progress without additional notice of a date, time, and place to be specified on the record at the meeting. There may be occasions when Staff and/or Supervisors may participate by speaker telephone.

Pursuant to provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in the meeting is asked to advise the District Manager's office at least forty-eight (48) hours before the meeting by contacting the District Manager at (321) 263-0132, Ext. 285. If you are hearing or speech impaired, please contact the Florida Relay Service at 711, for assistance in contacting the District Manager's office.

A person who decides to appeal any decision made at the meeting, with respect to any matter considered at the meeting, is advised that a record of the proceedings is needed and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

LANDSCAPE INSPECTION RESULTS

Date:	December 14, 2023
Client:	Preserve at Wilderness Lake Community Development District
Attended by:	CDD Management- Beth Edwards, Tish Dobson (Vesta Property Services) Redtree Landscape Systems-Pete Lucadano, John Burkett PSA Horticultural-Tom Picciano

This landscape inspection report and subsequent ones will serve as a both a benchmark of current landscape maintenance concerns and the progress toward corrective actions. It will also serve as a deficiency list of items that should be addressed under the current landscape agreement.

These items must be completed by December 29, 2023. Notify PSA in writing upon their completion, via fax or email, on or before 9 am on January 2, 2024. Contractor must initial the bottom of each page and sign at the bottom of the last page. The reason for any uncompleted deficiency must be noted.

SCORE 1-POOR 2-FAIR 3-GOOD

3 MOWING/EDGING/TRIMMING

Eleanor Wood pond-remove leaf drop. **completed 12.21.23.**

Roundabout-redefine bed edges. *Photo below.* **completed 12.21.23.**

Kendall Heath/Waverly Shores-remove leaf drop. **completed 12.21.23.**

Cormorant Cove dock-remove leaf drop. **completed 12.21.23.**

Night Heron lift station-remove leaf drop. **completed 12.21.23.**

Minnow Brook-remove leaf drop. **completed 12.21.23.**

The turf was mowed, trimmed, soft and hard edged in accordance with the specifications. The cut was clean from sharp blades. The cleanup of hard surfaces was thorough. Be certain to keep heavy leaf drop off turf panels and out of the street.

3 WOODLINE MAINTENANCE

Boulevard across from Americus-cut back wood line. **completed 12.21.23.**

The woodlines were neatly maintained.

3 TURF COLOR

Boulevard from Lodge to main entry-color remained a mottled medium green.

Citrus Blossom park common area-turf color remained a mottled medium green.

Citrus Blossom playground-turf color remained a lightly mottled medium green.

Stoneleigh park-turf color was a mottled medium green.

Lodge-turf color ranged from a lightly mottled medium green to a consistent medium green.

Oakhurst park-turf color ranged from a pale green to a mottled medium green.

Kendall Heath/Waverly Shores-turf color remained a pale green.

Night Heron/Caliente intersection-turf color remained a mottled medium green.

Roundabout-turf color was a lightly medium green.

3 TURF DENSITY

Kendall Heath/Waverly Shores-the density of the common Bermudagrass ranged from poor to fair. The density of the St. Augustine turf was good. Keep heavy leaf drop off lawn.

Boulevard from Lodge to main entry-the density was strong. New sod is also being installed.

Citrus Blossom park-the density was strong.

Citrus Blossom common area-the density was strong.

Stoneleigh park-the density of the common Bermudagrass was good. It is beginning to go into a dormant period. The density of the St. Augustine turf was good.

Oakhurst park-the density of the common Bermudagrass still ranged from fair to good. It is beginning to go into a dormant period. The density of the St. Augustine turf was good.

Night Heron/Caliente intersection-the density still ranged from fair to good.

Lodge-the density of the main entry lawn, front lawn, nature center lawn and rear lawn ranged from fair to good. There were a few sparse areas along the exit drive. They are being sodded.

Tennis court-the density around the tennis court still ranged from fair to good. The turf density along the blvd. was fair. The rear section density was good.

The Bahia turf density around the ponds and other common areas was good. Turf is beginning to go into a dormant period.

2 TURF WEED CONTROL

Turf weeds are showing signs of die back from recent herbicide application. Weeds can now be spot treated. *Photo below.* **completed 12.12.23.**

Broadleaf weeds have been treated with herbicide and weeds are dying off. Remaining weeds can be spot treated. Properly timed applications of pre-emergent herbicide will help to reduce grassy weed germination. **completed 12.12.23.**

Lodge-crabgrass is growing in compacted area to the left of the lodge. **completed 12.12.23.**

Main exit and exit-spot treat broadleaf weeds. **completed 12.12.23.**

Americus-spot treat broadleaf weeds. **completed 12.12.23.**

Caliente/Night Heron-spot treat broadleaf weeds. **completed 12.12.23.**

2 TURF INSECT/DISEASE CONTROL/OVERALL HEALTH

Americus-treat patch disease. **completed 12.12.23.**

Pine Knot-treat patch disease. *Photo below.* **completed 12.12.23.**

Boulevard exit drive across from ranger station-treat patch disease. **completed 12.12.23.**

Main exit monument turf-treat ant mounds. **completed 12.12.23.**

Bahiagrass and Bermudagrass are beginning to go into dormancy.

The turf was mowed high as per the specifications. The cut was clean from sharp blades. There was a slight loss of color over the past month. This is common in the cooler months. The Bahiagrass and the common Bermudagrass lost some color and density as it goes into its dormant period. New sod is improving the density in the thinner St. Augustine turf. There was evidence of herbicide dieback of broadleaf weeds. The remaining weeds can be spot treated. Pre-emergent herbicide for grassy weed control needs to be applied when temperature is appropriate. The general rule of thumb is to apply pre-emergent herbicides in mid-February for Central Florida. Apply the pre-emergent herbicide before temperatures consistently rise above 65 to 70°F to avoid harming the turf. There were no turf insects noted, but patch disease needs to be controlled in a few areas.

3 SHRUB-TREE INSECT/DISEASE CONTROL/OVERALL HEALTH

Main entry median 2 inbound-remove all dead and damaged shrubs across from mailbox 20646
completed 12.19.23.

Pine Knot-portions of pineapple quava and anise are in decline. Prune out all dead sections. It may be advisable to collect samples to send to IFAS for pathology testing. Treat with fungicide. **completed 12.19.23.**

Possible Diseases-Alternaria blights Symptoms. Small round yellow, brown or black spots on leaves; concentric ringed pattern; holes in leaves where lesion has dropped out. Other possibilities. Downy mildew. Powdery mildew

Lodge patio-continue to treat ornamental grasses for scale. **completed 12.19.23.**

Butterfly garden-most of the plants in the butterfly garden were healthy, but several of them such as the thryallis are old and should be considered for future replacement.

3 BED / CRACK WEED CONTROL

Main entry/exit monument-remove bed weeds from coontie palms. **completed 12.28.23.**

Nature center-remove bed weeds and vines from front of building. **completed 12.28.23.**

Lodge patio-remove vines from muehly grass. **completed 12.28.23.**

Tennis court fence-remove bed weeds and vines. **completed 12.28.23.**

Boulevard entry median-remove bed weeds and vines. **completed 12.28.23.**

Roundabout-remove bed weeds. *Photo below.* **completed 12.28.23.**

2 IRRIGATION MANAGEMENT

completed 1.4.24.

Pine Knot-check irrigation to pineapple quava and anise along fence.

completed 1.4.24.

Main entry median-check irrigation to endcap flower bed. Half of it is dry.

completed 1.4.24.

West side of tennis court-check irrigation as mulch has been moved out of place.

completed 1.4.24.

Lodge playground area-check irrigation. Half of it is dry.

completed 1.4.24.

Americus on Birchholm side-turf is dry close to corner.

completed 1.4.24.

3 SHRUB PRUNING

*It should be noted that the shrubs, including but not limited to, the hawthorns and schilling hollies, should not be pruned too tightly. This means that too much vegetative growth was being removed, limiting the plants availability to make food for itself. In addition, the plant will look more attractive by not having "holes" in it and allowing it to develop its more natural shape. (i.e. Indian Hawthorn has a natural mounded habit)

General work order-all hedge trimming and weeding needs be done at the same time, in accordance with specifications. The contractual pruning schedule was not adhered to, allowing many shrubs to grow beyond an acceptable state. completed 1.2.24.

Be certain that all individual shrubs and hedges are pruned in such a manner so that the bottom section is wider than the top to receive sufficient sunlight. This will prevent the shrubs from being shaded out at the bottom. completed 1.2.24.

General work order-do not prune azaleas. Only remove stray tall shoots. completed 1.2.24.

Some of the azaleas and hawthorn appear to have been over-pruned.

Draycott cul de sac-viburnum hedge is neatly pruned. *Photo below.*

Water's Edge fence line-prune palmettos. **completed 1.4.24.**

Main entry fence line-prune wedelia away from the fence. **completed 1.4.24.**

Pool deck-lightly prune Japanese blueberry along the fence. **completed 1.4.24.**

Between the amenity center and nature center-cut back Fakahatchee grass off steppingstone walkway. **completed 1.4.24.**

Butterfly garden-cut back milk weed. **completed 1.4.24.**

Lodge patio entry to pool deck-prune copper leaf down to fence line. **completed 1.4.24.**

Nature center left side-prune viburnum hedge so it is all the same height. *Photo below.* **completed 1.4.24.**

Nature center-prune dead sections out of shilling Holly. **completed 1.4.24.**

Butterfly garden-prune back old sage growth. *Photo below.* **completed 1.4.24.**

Tennis court walkway fence-prune dead sections out of palmetto and thin them out moderately so as not to remove privacy screen. *Photo below.* **completed 1.4.24.**

Behind Tennis court-prune dead sections out of palmetto along wood fence. Thin out palmetto. *Photo below.* **completed 1.4.24.**

Citrus Blossom playground-prune shrubs. **completed 1.4.24.**

Heron's Glen monument-prune shrubs away from sign. **completed 1.4.24.**

General work order-cut back all muehly grass and fountain grass. **completed 1.4.24.**

2 TREE PRUNING

Behind 21537 Draycott-remove dead wood from trees on berm. **completed 1.3.24.**

Americus-remove sucker growth from oaks. **completed 1.3.24.**

Boulevard street trees-begin elevating low-hanging branches and get all street trees to a consistent height. **completed 1.3.24.**

Main exit monument-elevate tree by sign. **completed 1.3.24.**

Lodge entry drive-prune oak tree away from streetlight along split rail fence. **completed 1.3.24.**

Boulevard at Whispering Wind-elevate cypress tree hanging over the sidewalk. **completed 1.3.24.**

Boulevard just West of lodge entry drive-prune tree around streetlight. *Photo below.* **completed 1.3.24.**

Cormorant Cove in bound-elevate tree hanging over the street. **completed 12.28.23**

7220 Night Heron-elevate oak tree hanging over sidewalk and common area behind the hedge. **completed 12.28.23**

Oakhurst park-elevate oak tree along sidewalk by bike rack. **completed 12.28.23**

Lodge entry drive-prune tree around streetlight by split rail fence. **completed 12.28.23**

3 CLEANUP/RUBBISH REMOVAL

Ambleside outbound woodline across from bench-remove fallen tree. **completed 12.28.23**

General work order-remove fallen palm tree boots at entrances to each village. **completed 12.28.23**

3 APPEARANCE OF SEASONAL COLOR

Pool deck-the potted annuals display look very good and should be used as a standard regardless of what is planted in them. *Photo below.* **completed 12.28.23**

The seasonal flower display of petunia and alyssum had an excellent curb appeal. The plants were healthy and neatly spaced. A few plants at the lodge entry drive need to be re-installed due to animal damage. **completed 12.28.23**

SUMMARY

Redtree performed to contractual standards for this inspection. The turf was mowed at the proper height with sharp blades. The trimming, edging and cleanup were neatly performed. There was a slight loss of color over the past month, but it was still good for the season. The density was strong except for the Bahiagrass and Bermudagrass which are entering a winter dormancy period. New sod is further improving the density. The broadleaf weed growth is being controlled. There were no signs of turf insect activity, but patch disease has shown up in a few turf panels. Most of the shrubs were healthy, but there continue to be issues related to the health of select anise and pineapple quava plants. The shrubs appear to be pruned according to the schedule, but some palmettos and trees need immediate attention. The bed weeds are under control. There were no irrigation breaks noted, but several areas were dry or receiving inconsistent irrigation. The seasonal flower display was providing excellent curb appeal. RedTree Landscape Systems certifies that all work on this list has been completed in the 14-day timeframe specified in the contractual agreement and provided to PSA within the same period.

Payment Terms

- Any proposal exceeding \$5,000 for an enhancement to a Maintenance property, a 50% deposit will be required upon acceptance to schedule job. The remaining 50% balance will be due upon completion of job.
- Payments made via credit card will be accepted up to \$4,750 and will include an additional 3% credit card fee.

- If payment requires Pine Lake to create and/or setup an account in an additional software, Pine Lake reserves the right to charge an administrative fee along with passing along any software fees charge.

E x c l u s i o n s

The Following matters are excluded from the Work, unless specified in writing to the contrary:

- **This Proposal price is valid for Thirty (30) days. We reserve the right to modify pricing after that time to reflect current market prices.**
- Site work is excluded unless specified in writing within the Proposal. Site should be at finished grade (within 1" of final grade), with all soils in sod and planting areas to be loose, not compacted, and ready to install landscape material. If site is not at finished grade, Contractor reserves the right to delay until site is properly prepared.
- Removal of base material and/or aggregate material within all landscape planting areas, sod areas and other green space areas that impedes or impacts proper planting of plant material and sod.
- Soil replacement where base material and/or aggregate material was removed for proper planting
- Drainage: Should the Client's property be the lowest elevation in relation to surrounding property or buildings, the Contractor reserves the right to retain an expert to evaluate and propose drainage solutions. All costs for engineering services, as well as the actual drainage work will be at the Client's expense. Unless the Client has a detailed Topographical survey completed, the above clause may come into effect.
- Soil, Sod and/or Mulch quantities are estimates only. They do not account for disturbed construction areas or other fluctuations. Invoices will reflect actual quantities used at proposed price per unit.
- Conduit and connections for electrical, gas, and all other utilities and services
- Site Unknowns: Including, but not limited to, sub-surface conditions/obstacles that create unforeseen labor, equipment, material, or disposal charges
- MOT for temporary traffic control
- Any Irrigation or utility trenching thru roads, road base, concrete, or rock will incur additional costs
- Any cutting or repairing of any hard surface such as asphalt, concrete, pavers or curbs for irrigation or landscape
- We need 72 hours' notice prior to road base material or concrete work is installed so that sleeves and/or road bores are installed
- Backflow Connection
- Water source for irrigation is based on specifications at the dedicated meter of the location marked on irrigation plan sheet. If a different location of the dedicated water source is established during construction a change order will be entered into to adjust for the costs associated with the new route for mainline and connections.
- Man hours required to find installed buried irrigation sleeves or irrigation piping in areas where asphalt, concrete, curbs, or other hard surfaces are installed prior to completing the irrigation

system and where markings or stubs have been placed to show location of irrigation sleeves or piping and these markers have been damaged, buried, or removed by others.

- Additional man hours required to maintain plant material and/or sod of a landscape and irrigation installation project that:
- Has been started by Pine Lake Nursery and Landscape and/or its subcontractors and is interrupted, delayed, impeded, or prohibited, by others from being worked on continuously until the landscape and irrigation project is completed. Pine Lake Nursery and Landscaper and its subcontractors are excluded.
- Upon completion of the landscape and irrigation installation project as specified in the landscape and irrigation plan sets is considered complete but will not be accepted as completed until the project as a whole is accepted as complete.
- Existing tree preservation, barricading, pruning, root pruning, or inventory
- Repairs to any erosion control measures that are damaged or inoperative prior to commencement of landscape and irrigation work
- Any planting of sod or other ground cover as required by any municipality when construction of landscape and irrigation has ceased or been suspended for more than 30 days that is no fault of the landscape or irrigation contractor or subcontractors
- Warranty on transplanted plant material from the project site
- Warranty on plant material that is not rated to grow in established USDA plant hardiness growth zone(s)

Procedure for Extra Work, Changes and Escalation

- If it shall become necessary for the Contractor to make changes in any designs, drawings, plans, or specifications for any part of the project or reasons over which we have no control, or we are put to any extra work, cost or expense by reason of any act or matter over which it has no control, the Customer will pay to the Contractor a fee for such changed or extra Work calculated on a time and materials basis. All changes to Work or pricing or the terms of this Agreement will be read and understood within the context and meanings of this Agreement unless stated explicitly to the contrary.
- Change Order: The quantities or specifications of material as outlined in the Proposal could be adjusted at any time with approval in the form of a signed Change Order. Change Orders will be executed using current market prices

Escalation Clause

- In the event of significant delay or price increase of material, equipment, or energy occurring during the performance of the contract through no fault of the Construction Manager, the Contract Sum, time of completion or contract requirements shall be equitably adjusted by Change Order in accordance with the procedures of the Contract Documents. A change in price of an item of material, equipment, or energy will be considered significant when the price of an item increases 5% percent between the date of this Contract and the date of installation

Warranty and Tolerances

- Payments Received: The Warranty for the contract is only valid if payment is received in full on acceptance of the work
- Diligence: The Contractor agrees to carry out its Work diligently and to provide sufficient supervision and inspection of its staff and subcontractors and that its work will be of proper and professional quality, and in full conformity with the requirements of the contract
- Competence: The Contractor warrants that it is competent to perform the Work and that it has the necessary qualifications including knowledge and skill with the ability to use them effectively.
- Site Unknowns: It is the responsibility of the Client or the Client's Representative to fully inform the Contractor of all the information regarding site unknowns that may include difficult buried materials, cables, and pipes, tree stumps, drainage or water table issues, rock, and shale sub surfaces and/or other impediments, issues or factors that could otherwise impact the quality, cost and timeliness of project completion. Failure to notify the Contractor may lead to additional costs to the Client (at the Contractor's discretion) and schedule time not included in the proposal and may require changes in design and construction to overcome such problems – all for which the

Client will be responsible. Client can avoid such risks by permitting the Contractor to do appropriate soil and ground tests, review the site,

and to secure additional required site information from appropriate government and other authorities.

- Damaged Utilities: Should damage occur to utilities during construction, the Contractor is only liable for the cost of the repair. the Contractor is not liable in any way for inconvenience to the Client caused by damage to the utilities
- Damage to neighbors buried utilities, on the Client's property, are the responsibility of the Client
- Damage to installed material (plants, trees, sod, etc.) by foot traffic, machinery, equipment, other trades, owner neglect or acts of nature will be excluded from any warranty and will not be replaced at the cost of Contractor
- Damage due to pest infestation is excluded from warranty and any damaged material will not be replaced at the cost of the Contractor. If, however, the Contractor has a separate maintenance contract with the client, pest control would fall under that contract and would be subject to those warranty parameters.
- Damage due to improper watering after final acceptance will not be replaced at the cost of the Contractor

Material Tolerances

- Wood: Pressure treated wood cannot be guaranteed against warp age, checking, or cupping.
- Stone: Natural stone has color variations that vary from stone to stone. In addition, mineral deposits such as lime, iron, etc. can change the stone and even bleed. This is the nature of the product, and the Client accepts this as a natural and acceptable quality of the stone
- Metal: Metal, which is not galvanized, is not guaranteed from rusting commencing immediately after installation
- Concrete: Spider cracks (hairline stress-fractures) are considered a normal characteristic of all types of concrete. Concrete may crack substantially over time due to proximity of tree roots.
- Warranty Time Period: The Contractor warrants all construction and installation for a period of one (1) year, providing that they have been maintained properly. All construction materials are subject to manufacturer's specific warranties/guarantees. Planting is warranted for one (1) year if there is an approved irrigation system
- Client Responsibilities: The Client recognizes and agrees that they have a responsibility to maintain constructions, plants, bushes, trees, and other installations in keeping with standard quality maintenance requirements for the Warranty to remain in effect. Failure to properly maintain materials or horticulture installations will void the warranty. Client further recognizes and agrees that damage to construction, materials, horticulture elements and other warrantable items of the project will not be warranted if the damage or loss is due to elements beyond the control of the Contractor. For example, flooding eaves, troughs that damage plants, fallen branches, animal caused damage, damaged/ burst irrigation or drainage pipes that were not maintained properly, use of improper chemicals, improper maintenance, extreme or unusual weather conditions, and similar and/or related situations – void all warranties provided by the Contractor
- Use of Client Selected and Approved Substandard Materials: Client recognized and agrees that if the Client has chosen and approved the use of substandard materials for any application that the one-year warranty will be void or otherwise limited in writing on those items so impacted but will remain in effect for all other elements of the project not impacted directly or indirectly by use of substandard materials. the Contractor will notify in writing to the Client any material that the Client has selected that would negatively impact the one-year warranty of the Contractor – prior to purchasing and/or installing such materials

- Material Grades: The Client recognizes that all materials come in a range of grades of quality and finishes, and that natural materials are not perfect. Natural wood has knots, and other natural materials have variability in color due to a wide range of factors, and that sample while useful in material selection decision-making, cannot be expected to accurately represent the total completed installation. The Contractor shall endeavor to enable the Client to see or understand the representative range of color, texture, and related of all materials installed on a project, however, acceptable Florida Grades and Standards will be used for the final selection of those materials. Once the selection has been approved by the Client, the Client will be responsible for all costs associated with changing any given material should the Client change their mind during or after material is purchased or installed.
- Plant specified height and width are used as primary sizes for sourcing plant material. This may result in minor deviation from container and caliper size specifications.

Terms & Conditions

Payment Terms

- Any proposal exceeding \$5,000 for an enhancement to a Maintenance property, a 50% deposit will be required upon acceptance to schedule job. The remaining 50% balance will be due upon completion of job.
- Payments made via credit card will be accepted up to \$4,750 and will include an additional 3% credit card fee.
- If payment requires Pine Lake to create and/or setup an account in an additional software, Pine Lake reserves the right to charge an administrative fee along with passing along any software

fees charge.

Ex c l u s i o n s

The Following matters are excluded from the Work, unless specified in writing to the contrary:

- **This Proposal price is valid for Thirty (30) days. We reserve the right to modify pricing after that time to reflect current market prices.**
- Site work is excluded unless specified in writing within the Proposal. Site should be at finished grade (within 1" of final grade), with all soils in sod and planting areas to be loose, not compacted, and ready to install landscape material. If site is not at finished grade, Contractor reserves the right to delay until site is properly prepared.
- Removal of base material and/or aggregate material within all landscape planting areas, sod areas and other green space areas that impedes or impacts proper planting of plant material and sod.
- Soil replacement where base material and/or aggregate material was removed for proper planting
- Drainage: Should the Client's property be the lowest elevation in relation to surrounding property or buildings, the Contractor reserves the right to retain an expert to evaluate and propose drainage solutions. All costs for engineering services, as well as the actual drainage work will be at the Client's expense. Unless the Client has a detailed Topographical survey completed, the above clause may come into effect.
- Soil, Sod and/or Mulch quantities are estimates only. They do not account for disturbed construction areas or other fluctuations. Invoices will reflect actual quantities used at proposed price per unit.
- Conduit and connections for electrical, gas, and all other utilities and services
- Site Unknowns: Including, but not limited to, sub-surface conditions/obstacles that create unforeseen labor, equipment, material, or disposal charges
- MOT for temporary traffic control
- Any Irrigation or utility trenching thru roads, road base, concrete, or rock will incur additional costs
- Any cutting or repairing of any hard surface such as asphalt, concrete, pavers or curbs for irrigation or landscape
- We need 72 hours' notice prior to road base material or concrete work is installed so that sleeves and/or road bores are installed
- Backflow Connection
- Water source for irrigation is based on specifications at the dedicated meter of the location marked on irrigation plan sheet. If a different location of the dedicated water source is established during construction a change order will be entered into to adjust for the costs associated with the new route for mainline and connections.
- Man hours required to find installed buried irrigation sleeves or irrigation piping in areas where asphalt, concrete, curbs, or other hard surfaces are installed prior to completing the irrigation system and where markings or stubs have been placed to show location of irrigation sleeves or piping and these markers have been damaged, buried, or removed by others.

- Additional man hours required to maintain plant material and/or sod of a landscape and irrigation installation project that:
- Has been started by Pine Lake Nursery and Landscape and/or its subcontractors and is interrupted, delayed, impeded, or prohibited, by others from being worked on continuously until the landscape and irrigation project is completed. Pine Lake Nursery and Landscaper and its subcontractors are excluded.
- Upon completion of the landscape and irrigation installation project as specified in the landscape and irrigation plan sets is considered complete but will not be accepted as completed until the project as a whole is accepted as complete.
- Existing tree preservation, barricading, pruning, root pruning, or inventory
- Repairs to any erosion control measures that are damaged or inoperative prior to commencement of landscape and irrigation work
- Any planting of sod or other ground cover as required by any municipality when construction of landscape and irrigation has ceased or been suspended for more than 30 days that is no fault of the landscape or irrigation contractor or subcontractors
- Warranty on transplanted plant material from the project site
- Warranty on plant material that is not rated to grow in established USDA plant hardiness growth zone(s)

Procedure for Extra Work, Changes and Escalation

- If it shall become necessary for the Contractor to make changes in any designs, drawings, plans, or specifications for any part of the project or reasons over which we have no control, or we are put to any extra work, cost or expense by reason of any act or matter over which it has no control, the Customer will pay to the Contractor a fee for such changed or extra Work calculated on a time and materials basis. All changes to Work or pricing or the terms of this Agreement will be read and understood within the context and meanings of this Agreement unless stated explicitly to the contrary.
- Change Order: The quantities or specifications of material as outlined in the Proposal could be adjusted at any time with approval in the form of a signed Change Order. Change Orders will be executed using current market prices

Escalation Clause

- In the event of significant delay or price increase of material, equipment, or energy occurring during the performance of the contract through no fault of the Construction Manager, the Contract Sum, time of completion or contract requirements shall be equitably adjusted by Change Order in accordance with the procedures of the Contract Documents. A change in price of an item of material, equipment, or energy will be considered significant when the price of an item increases 5% percent between the date of this Contract and the date of installation

Warranty and Tolerances

- Payments Received: The Warranty for the contract is only valid if payment is received in full on acceptance of the work
- Diligence: The Contractor agrees to carry out its Work diligently and to provide sufficient supervision and inspection of its staff and subcontractors and that its work will be of proper and professional quality, and in full conformity with the requirements of the contract
- Competence: The Contractor warrants that it is competent to perform the Work and that it has the necessary qualifications including knowledge and skill with the ability to use them effectively.
- Site Unknowns: It is the responsibility of the Client or the Client's Representative to fully inform the Contractor of all the information regarding site unknowns that may include difficult buried materials, cables, and pipes, tree stumps, drainage or water table issues, rock, and shale sub surfaces and/or other impediments, issues or factors that could otherwise impact the quality, cost and timeliness of project completion. Failure to notify the Contractor may lead to additional costs to the Client (at the Contractor's discretion) and schedule time not included in the proposal and may require changes in design and construction to overcome such problems – all for which the

Client will be responsible. Client can avoid such risks by permitting the Contractor to do appropriate soil and ground tests, review the site, and to secure additional required site information from appropriate government and other authorities.

- Damaged Utilities: Should damage occur to utilities during construction, the Contractor is only liable for the cost of the repair. the Contractor is not liable in any way for inconvenience to the Client caused by damage to the utilities
- Damage to neighbors buried utilities, on the Client's property, are the responsibility of the Client
- Damage to installed material (plants, trees, sod, etc.) by foot traffic, machinery, equipment, other trades, owner neglect or acts of nature will be excluded from any warranty and will not be replaced at the cost of Contractor
- Damage due to pest infestation is excluded from warranty and any damaged material will not be replaced at the cost of the Contractor. If, however, the Contractor has a separate maintenance contract with the client, pest control would fall under that contract and would be subject to those warranty parameters.
- Damage due to improper watering after final acceptance will not be replaced at the cost of the Contractor

Material Tolerances

- Wood: Pressure treated wood cannot be guaranteed against warp age, checking, or cupping.
- Stone: Natural stone has color variations that vary from stone to stone. In addition, mineral deposits such as lime, iron, etc. can change the stone and even bleed. This is the nature of the product, and the Client accepts this as a natural and acceptable quality of the stone
- Metal: Metal, which is not galvanized, is not guaranteed from rusting commencing immediately after installation
- Concrete: Spider cracks (hairline stress-fractures) are considered a normal characteristic of all types of concrete. Concrete may crack substantially over time due to proximity of tree roots.
- Warranty Time Period: The Contractor warrants all construction and installation for a period of one (1) year, providing that they have been maintained properly. All construction materials are subject to manufacturer's specific warranties/guarantees. Planting is warranted for one (1) year if there is an approved irrigation system
- Client Responsibilities: The Client recognizes and agrees that they have a responsibility to maintain constructions, plants, bushes, trees, and other installations in keeping with standard quality maintenance requirements for the Warranty to remain in effect. - Stone: Natural stone has color variations that vary from stone to stone. In addition, mineral deposits such as lime, iron, etc. can change the stone and even bleed. This is the nature of the product, and the Client accepts this as a natural and acceptable quality of the stone
- Metal: Metal, which is not galvanized, is not guaranteed from rusting commencing immediately after installation
- Concrete: Spider cracks (hairline stress-fractures) are considered a normal characteristic of all types of concrete. Concrete may crack substantially over time due to proximity of tree roots.
- Warranty Time Period: The Contractor warrants all construction and installation for a period of one (1) year, providing that they have been maintained properly. All construction materials are subject to manufacturer's specific warranties/guarantees. Planting is warranted for one (1) year if there is an approved irrigation system
- Client Responsibilities: The Client recognizes and agrees that they have a responsibility to maintain constructions, plants, bushes, trees, and other installations in keeping with standard quality maintenance requirements for the Warranty to remain in effect. Failure to properly maintain materials or horticulture installations will void the warranty. Client further recognizes and agrees that damage to construction, materials, horticulture elements and other warrantable items of the project will not be warranted if the damage or loss is due to elements beyond the control of the Contractor. For example, flooding eaves, troughs that damage plants, fallen branches, animal caused damage, damaged/ burst irrigation or drainage pipes that were not maintained properly, use of improper chemicals, improper maintenance, extreme or unusual weather conditions, and similar and/or related situations – void all warranties provided by the Contractor
- Use of Client Selected and Approved Substandard Materials: Client recognized and agrees that if the Client has chosen and approved the use of substandard materials for any application that the one-year warranty will be void or otherwise limited in writing on those items so impacted but will remain in effect for all other elements of the project not impacted directly or indirectly by use of substandard materials. the Contractor will notify in writing to the Client any material that the Client has selected that would negatively impact the one-year warranty of the Contractor –

- prior to purchasing and/or installing such materials
- Material Grades: The Client recognizes that all materials come in a range of grades of quality and finishes, and that natural materials are not perfect. Natural wood has knots, and other natural materials have variability in color due to a wide range of factors, and that sample while useful in material selection decision-making, cannot be expected to accurately represent the total completed installation. The Contractor shall endeavor to enable the Client to see or understand the representative range of color, texture, and related of all materials installed on a project, however, acceptable Florida Grades and Standards will be used for the final selection of those materials. Once the selection has been approved by the Client, the Client will be responsible for all costs associated with changing any given material should the Client change their mind during or after material is purchased or installed.
 - Plant specified height and width are used as primary sizes for sourcing plant material. This may result in minor deviation from container and caliper size specifications.

Terms & Conditions

Terms & Conditions

Payment Terms

- Any proposal exceeding \$5,000 for an enhancement to a Maintenance property, a 50% deposit will be required upon acceptance to schedule job. The remaining 50% balance will be due upon completion of job.
- Payments made via credit card will be accepted up to \$4,750 and will include an additional 3% credit card fee.

- If payment requires Pine Lake to create and/or setup an account in an additional software, Pine Lake reserves the right to charge an administrative fee along with passing along any software fees charge.

E x c l u s i o n s

The Following matters are excluded from the Work, unless specified in writing to the contrary:

- **This Proposal price is valid for Thirty (30) days. We reserve the right to modify pricing after that time to reflect current market prices.**
- Site work is excluded unless specified in writing within the Proposal. Site should be at finished grade (within 1" of final grade), with all soils in sod and planting areas to be loose, not compacted, and ready to install landscape material. If site is not at finished grade, Contractor reserves the right to delay until site is properly prepared.
- Removal of base material and/or aggregate material within all landscape planting areas, sod areas and other green space areas that impedes or impacts proper planting of plant material and sod.
- Soil replacement where base material and/or aggregate material was removed for proper planting
- Drainage: Should the Client's property be the lowest elevation in relation to surrounding property or buildings, the Contractor reserves the right to retain an expert to evaluate and propose drainage solutions. All costs for engineering services, as well as the actual drainage work will be at the Client's expense. Unless the Client has a detailed Topographical survey completed, the above clause may come into effect.
- Soil, Sod and/or Mulch quantities are estimates only. They do not account for disturbed construction areas or other fluctuations. Invoices will reflect actual quantities used at proposed price per unit.
- Conduit and connections for electrical, gas, and all other utilities and services
- Site Unknowns: Including, but not limited to, sub-surface conditions/obstacles that create unforeseen labor, equipment, material, or disposal charges
- MOT for temporary traffic control
- Any Irrigation or utility trenching thru roads, road base, concrete, or rock will incur additional costs
- Any cutting or repairing of any hard surface such as asphalt, concrete, pavers or curbs for irrigation or landscape
- We need 72 hours' notice prior to road base material or concrete work is installed so that sleeves and/or road bores are installed
- Backflow Connection
- Water source for irrigation is based on specifications at the dedicated meter of the location marked on irrigation plan sheet. If a different location of the dedicated water source is established during construction a change order will be entered into to adjust for the costs associated with the new route for mainline and connections.
- Man hours required to find installed buried irrigation sleeves or irrigation piping in areas where asphalt, concrete, curbs, or other hard surfaces are installed prior to completing the irrigation

system and where markings or stubs have been placed to show location of irrigation sleeves or piping and these markers have been damaged, buried, or removed by others.

- Additional man hours required to maintain plant material and/or sod of a landscape and irrigation installation project that:
- Has been started by Pine Lake Nursery and Landscape and/or its subcontractors and is interrupted, delayed, impeded, or prohibited, by others from being worked on continuously until the landscape and irrigation project is completed. Pine Lake Nursery and Landscaper and its subcontractors are excluded.
- Upon completion of the landscape and irrigation installation project as specified in the landscape and irrigation plan sets is considered complete but will not be accepted as completed until the project as a whole is accepted as complete.
- Existing tree preservation, barricading, pruning, root pruning, or inventory
- Repairs to any erosion control measures that are damaged or inoperative prior to commencement of landscape and irrigation work
- Any planting of sod or other ground cover as required by any municipality when construction of landscape and irrigation has ceased or been suspended for more than 30 days that is no fault of the landscape or irrigation contractor or subcontractors
- Warranty on transplanted plant material from the project site
- Warranty on plant material that is not rated to grow in established USDA plant hardiness growth zone(s)

Procedure for Extra Work, Changes and Escalation

- If it shall become necessary for the Contractor to make changes in any designs, drawings, plans, or specifications for any part of the project or reasons over which we have no control, or we are put to any extra work, cost or expense by reason of any act or matter over which it has no control, the Customer will pay to the Contractor a fee for such changed or extra Work calculated on a time and materials basis. All changes to Work or pricing or the terms of this Agreement will be read and understood within the context and meanings of this Agreement unless stated explicitly to the contrary.
- Change Order: The quantities or specifications of material as outlined in the Proposal could be adjusted at any time with approval in the form of a signed Change Order. Change Orders will be executed using current market prices

Escalation Clause

- In the event of significant delay or price increase of material, equipment, or energy occurring during the performance of the contract through no fault of the Construction Manager, the Contract Sum, time of completion or contract requirements shall be equitably adjusted by Change Order in accordance with the procedures of the Contract Documents. A change in price of an item of material, equipment, or energy will be considered significant when the price of an item increases 5% percent between the date of this Contract and the date of installation

Warranty and Tolerances

- Payments Received: The Warranty for the contract is only valid if payment is received in full on acceptance of the work
- Diligence: The Contractor agrees to carry out its Work diligently and to provide sufficient supervision and inspection of its staff and subcontractors and that its work will be of proper and professional quality, and in full conformity with the requirements of the contract
- Competence: The Contractor warrants that it is competent to perform the Work and that it has the necessary qualifications including knowledge and skill with the ability to use them effectively.
- Site Unknowns: It is the responsibility of the Client or the Client's Representative to fully inform the Contractor of all the information regarding site unknowns that may include difficult buried materials, cables, and pipes, tree stumps, drainage or water table issues, rock, and shale sub surfaces and/or other impediments, issues or factors that could otherwise impact the quality, cost and timeliness of project completion. Failure to notify the Contractor may lead to additional costs to the Client (at the Contractor's discretion) and schedule time not included in the proposal and may require changes in design and construction to overcome such problems – all for which the

Client will be responsible. Client can avoid such risks by permitting the Contractor to do appropriate soil and ground tests, review the site,

and to secure additional required site information from appropriate government and other authorities.

- Damaged Utilities: Should damage occur to utilities during construction, the Contractor is only liable for the cost of the repair. the Contractor is not liable in any way for inconvenience to the Client caused by damage to the utilities
- Damage to neighbors buried utilities, on the Client's property, are the responsibility of the Client
- Damage to installed material (plants, trees, sod, etc.) by foot traffic, machinery, equipment, other trades, owner neglect or acts of nature will be excluded from any warranty and will not be replaced at the cost of Contractor
- Damage due to pest infestation is excluded from warranty and any damaged material will not be replaced at the cost of the Contractor. If, however, the Contractor has a separate maintenance contract with the client, pest control would fall under that contract and would be subject to those warranty parameters.
- Damage due to improper watering after final acceptance will not be replaced at the cost of the Contractor

Material Tolerances

- Wood: Pressure treated wood cannot be guaranteed against warp age, checking, or cupping.
- Stone: Natural stone has color variations that vary from stone to stone. In addition, mineral deposits such as lime, iron, etc. can change the stone and even bleed. This is the nature of the product, and the Client accepts this as a natural and acceptable quality of the stone
- Metal: Metal, which is not galvanized, is not guaranteed from rusting commencing immediately after installation
- Concrete: Spider cracks (hairline stress-fractures) are considered a normal characteristic of all types of concrete. Concrete may crack substantially over time due to proximity of tree roots.
- Warranty Time Period: The Contractor warrants all construction and installation for a period of one (1) year, providing that they have been maintained properly. All construction materials are subject to manufacturer's specific warranties/guarantees. Planting is warranted for one (1) year if there is an approved irrigation system
- Client Responsibilities: The Client recognizes and agrees that they have a responsibility to maintain constructions, plants, bushes, trees, and other installations in keeping with standard quality maintenance requirements for the Warranty to remain in effect. Failure to properly maintain materials or horticulture installations will void the warranty. Client further recognizes and agrees that damage to construction, materials, horticulture elements and other warrantable items of the project will not be warranted if the damage or loss is due to elements beyond the control of the Contractor. For example, flooding eaves, troughs that damage plants, fallen branches, animal caused damage, damaged/ burst irrigation or drainage pipes that were not maintained properly, use of improper chemicals, improper maintenance, extreme or unusual weather conditions, and similar and/or related situations – void all warranties provided by the Contractor
- Use of Client Selected and Approved Substandard Materials: Client recognized and agrees that if the Client has chosen and approved the use of substandard materials for any application that the one-year warranty will be void or otherwise limited in writing on those items so impacted but will remain in effect for all other elements of the project not impacted directly or indirectly by use of substandard materials. the Contractor will notify in writing to the Client any material that the Client has selected that would negatively impact the one-year warranty of the Contractor – prior to purchasing and/or installing such materials

- **Material Grades:** The Client recognizes that all materials come in a range of grades of quality and finishes, and that natural materials are not perfect. Natural wood has knots, and other natural materials have variability in color due to a wide range of factors, and that sample while useful in material selection decision-making, cannot be expected to accurately represent the total completed installation. The Contractor shall endeavor to enable the Client to see or understand the representative range of color, texture, and related of all materials installed on a project, however, acceptable Florida Grades and Standards will be used for the final selection of those materials. Once the selection has been approved by the Client, the Client will be responsible for all costs associated with changing any given material should the Client change their mind during or after material is purchased or installed.
- Plant specified height and width are used as primary sizes for sourcing plant material. This may result in minor deviation from container and caliper size specifications.

MULCHING PROGRAM PROPOSAL:
FOR
Preserve at Wilderness Lake CDD

Attention: Ms. Tish Dobson – District Manager

November 8, 2023

BACKGROUND

A significant amount of time has passed since we have mulched all of the planter beds on property. As a result, many planter beds have an insufficient amount of mulch, resulting in excessive weed / vine growth and no moisture barrier to protect plant material.

SCOPE

- Installation of (1,000) cubic yards of mini pine bark in all planter beds on the property.
- Includes materials, delivery, tax and installation.
- Proposal submitted in accordance with contractual specifications.

TOTAL COST: \$40,000.00

**Re: The Preserve at Wilderness Lake Community Development District (CDD)
January 2024 Summary Report**

Dear Mrs. Dobson,

GHS Environmental (GHS) submits this report to summarize the work completed during January 2024 at the Wilderness Lake Preserve (WLP) community in Land O' Lakes, Florida.

Dates Worked Performed: January 10, 17, 18, 23 and 30

Summary of Monthly Objectives/Goals Achieved:

1. Performed monthly inspections and maintenance of vegetation/algae in stormwater ponds.
2. Removed trash from stormwater ponds.
3. Field checked control structures CS-P1 and CS-P2 located in Wetland P to ensure there are no blockages.
4. Reviewed structure maintenance punch lists provided by BDI with T. Dobson.
5. Performed maintenance activities on the following stormwater structures: BB-A1, BB-I2, BB-I3, BB-L3, BB-L4, W-14, W-38 per BDI punch lists.
6. Email coordination with T. Dobson and BDI regarding observations of water flow for Pond 33, CS-R1, Wetland R and S.
7. Treatment of lily pads and pocket of hydrilla around Bay Lake Dock.
8. Installed GreenClean Pond Block in Pond 24 to increase water quality and clarity by reducing excess nutrients in the water body.
9. Phone and email correspondence with WLP staff.
10. Prepared and submitted monthly summary report.

We appreciate the opportunity to assist you with this project. Please call us at (727) 432-2820 with any questions or if you need more information.

Sincerely yours,

GHS Environmental

ENGINEER'S REPORT FOR February 7th, 2024 BOARD MEETING**

Ongoing Projects Report and Updates:

Paver Replacement Project

All administrative documentation requested from the Pasco County inspection department regarding closeout of the permit. The county has responded with a punchlist of items specifically related to the geotechnical testing documentation submittal from Testlab, the geotechnical firm that did the testing during the project. BDi is currently coordinating a resubmittal with Testlab and the county so that a final submission to close the permit can be made.

Dock Inspections

Rueben Clarson Consulting, the structural firm engaged by the district to perform a dock inspection of the lodge boardwalk, performed their site visit on January 4th, 2024 to assess the boardwalk as directed. The report has not been received as of this report but will be sent to the District manager when obtained.

Pine Knot Lane Swale Issue

The survey work is complete and issued to the CDD (attached to this report). A site plan is also attached with this report detailing a potential option to fill the existing swale which was complained about by the adjacent homeowner and reroute the runoff to the adjacent wetland area as intended per the original permitted design. Note, that substantial dirt work and sod would be required for the project and the level of service to the potential resolution will be low due to the lack of grade available to convey runoff efficiently and the site restrictions of grading in the wetland. The estimate of construction cost based on the site plan is between \$8,000 to \$12,000. If desired, BDi can reach out to contractors for a hard cost for the board to consider if requested.

SWFMWD Statement of Inspection

BDi performed the site visit for the two SWFMWD ERP inspections that are due. Reports and a deficiency list have been generated and shared with the District Manager and aquatics team. Most of the punch list has been completed, however, there are items that the GHS is not able to complete under their ongoing scope or are not capable of performing related to grading or pond sediment removal

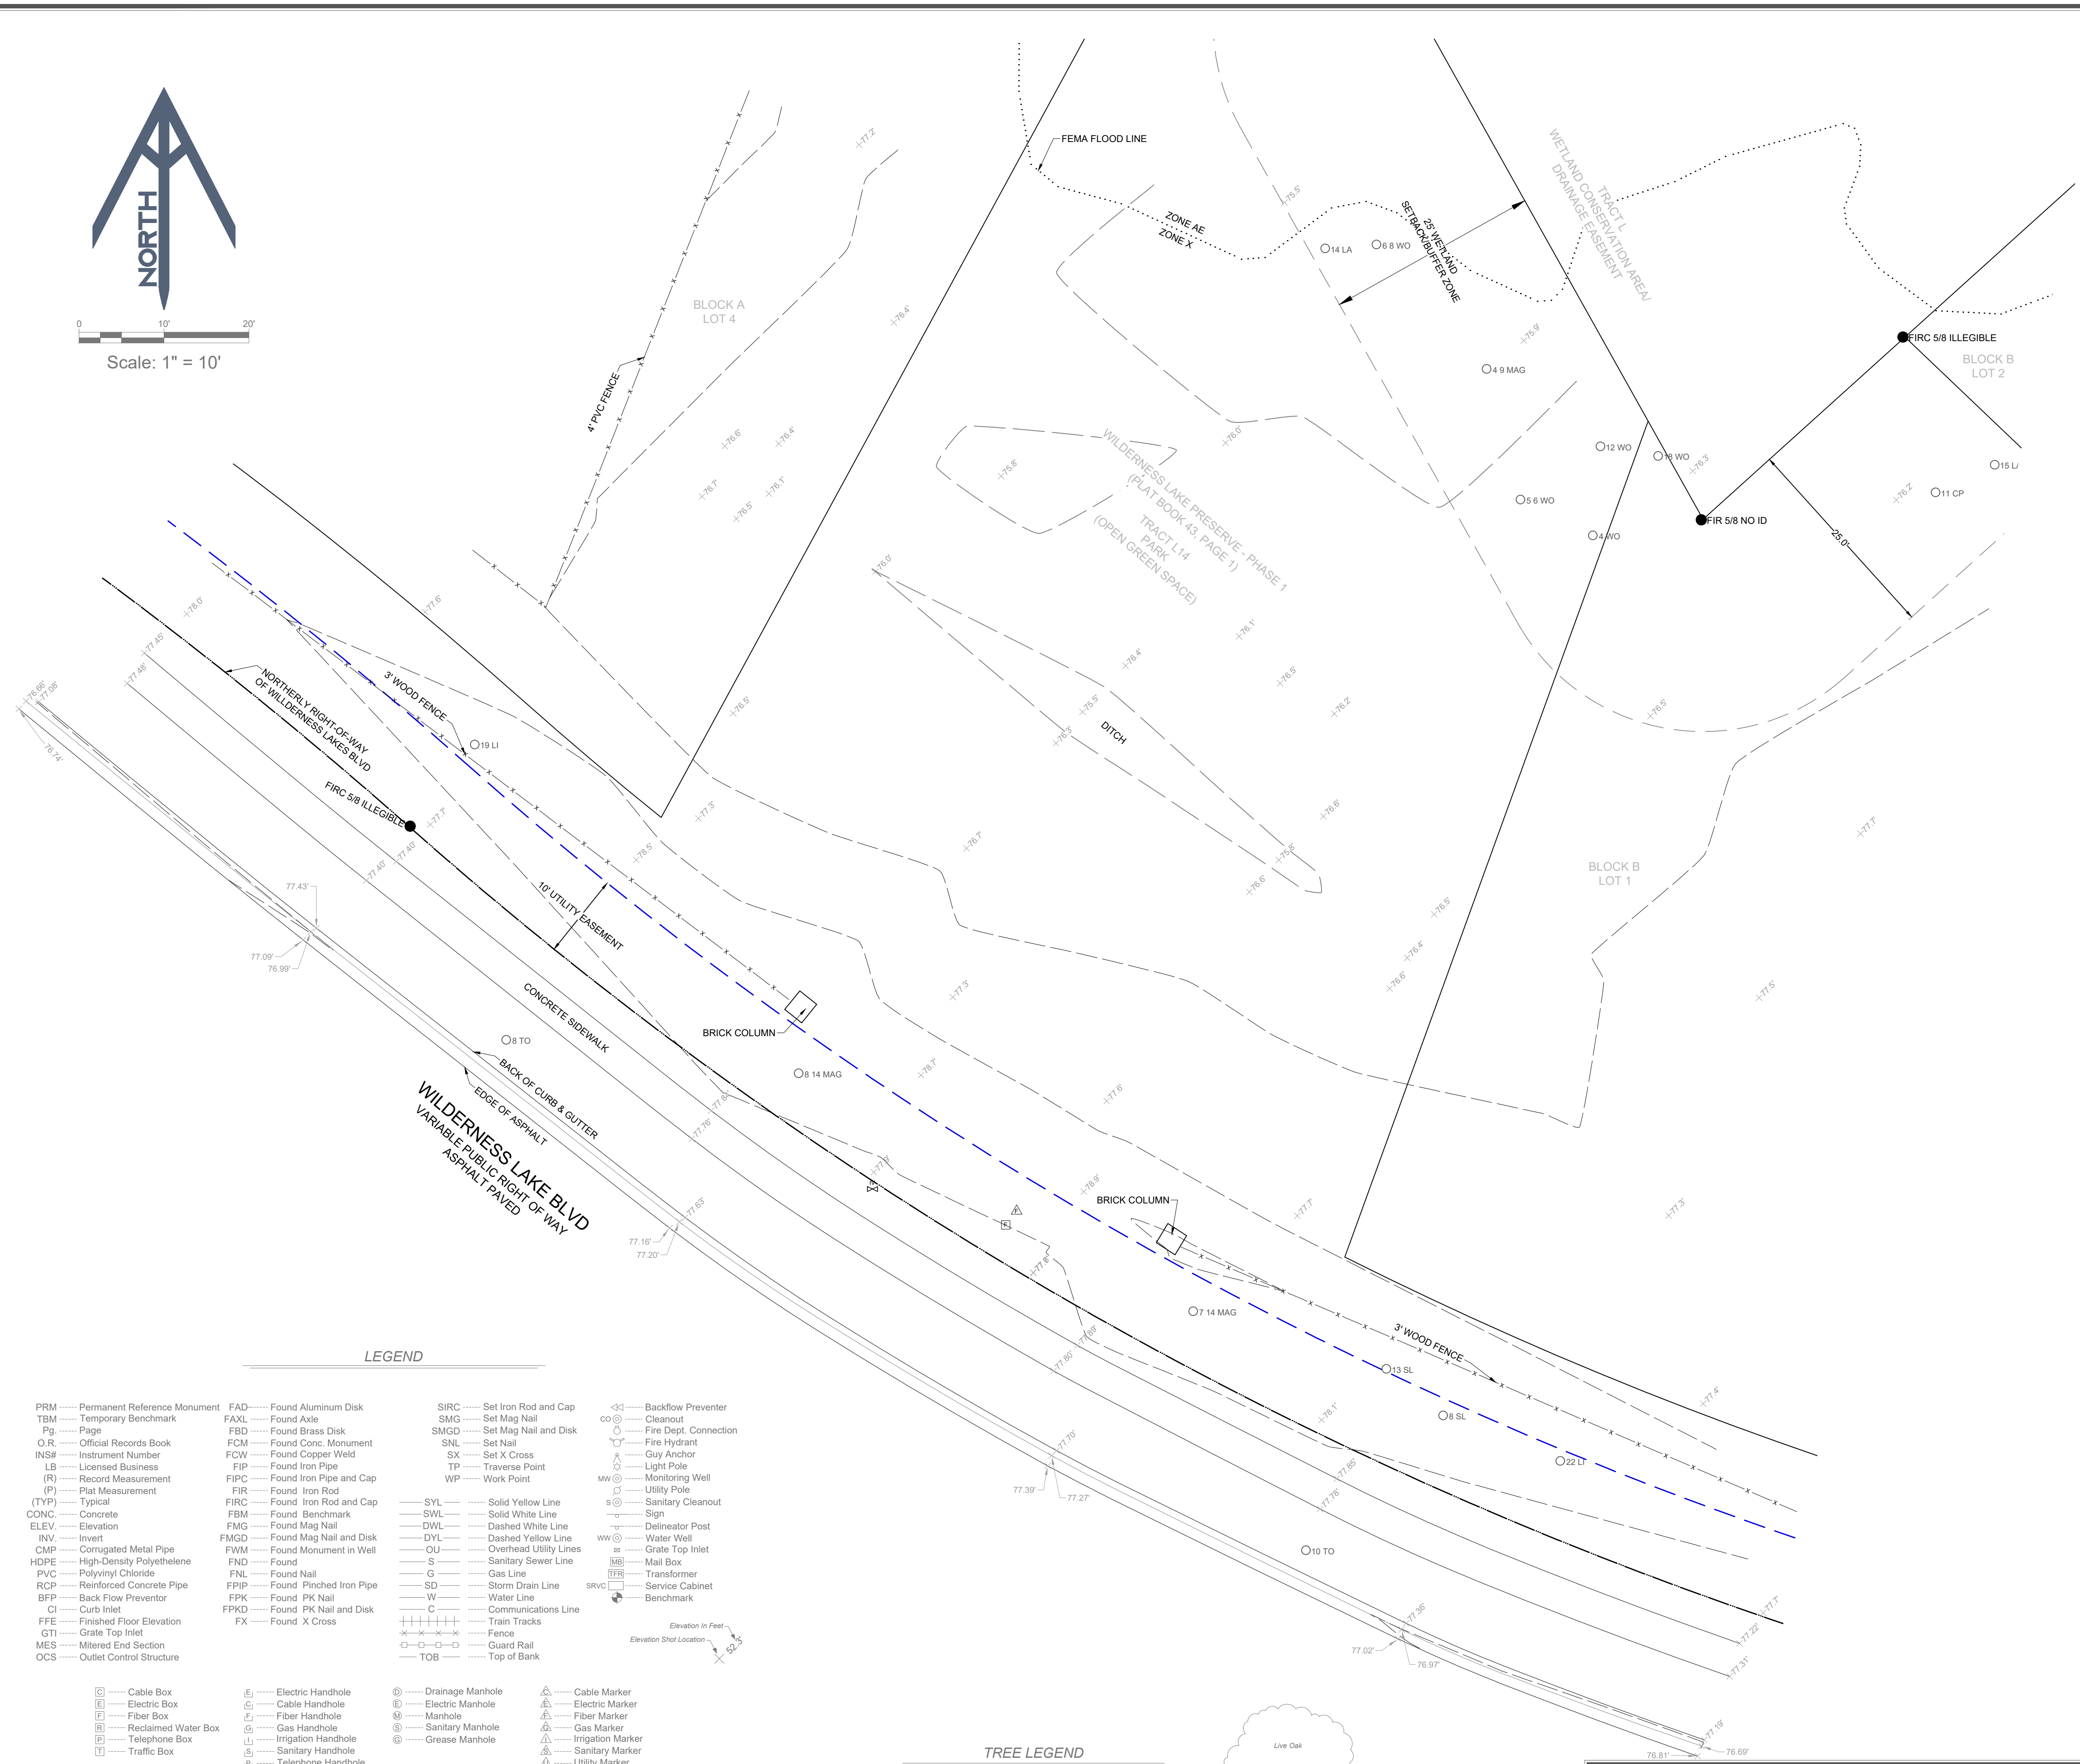

which will require an outside contractor. BDi has reached out to contractors to obtain a bid for the items not performed by GHS. Proposals received will be sent to the District Manager as soon as received for board consideration. BDi has also coordinated with SWFWMD to resolve any administrative issues/letters recently received. All administrative issues will be resolved when recertification is submitted.

SURVEYOR'S NOTES:

- 1) This survey was prepared without the benefit of current title, ownership and encumbrances and is subject to title review and/or abstract. MRIC Spatial, LLC, makes no representations or guarantees pertaining to easements, encumbrances, rights-of-ways, reservations, agreements and other similar matters.
- 2) This survey is limited to above ground visible improvements along and near the boundary lines, except as shown hereon, and that nothing below the ground was located including, but not limited to foundations (footings), utilities, etc.
- 3) Additions or Deletions to survey maps or reports by other than the signing party or parties is prohibited without the written consent of the signing party or parties.
- 4) The subject area lies in Flood Zone "AE" and "X", according to Flood Insurance Rate Map, Map No. 12101C0239F for Pasco County Unincorporated Areas, Community No. 120230, Pasco County, Florida, dated September 26, 2014 and issued by the Federal Emergency Management Agency. Lines shown have been digitally translated from DFIRM database information supplied by the FEMA Map Service Center (<https://msc.fema.gov>).
- 5) Use of this survey for purposes other than intended, without written verification, will be at the user's sole risk and without liability to the surveyor. Nothing hereon shall be construed to give any rights or benefits to anyone other than those certified to.
- 6) On this drawing, certify means to state or declare a professional opinion of conditions regarding those findings or facts which are the subject of the certification and does not constitute a warranty or guarantee, either implied or expressed. This certification is only for the lands as described. This certification is not a certificate of title, easements, zoning or freedom of encumbrances.
- 7) The lands described hereon may contain lands that are considered environmentally sensitive wetlands that are subject to claim or restriction by one or more of the following agencies: Army Corp. of Engineers, Southwest Florida Water Management District (S.W.F.W.M.D.), or Department of Environmental Protection (D.E.P.). Wetland lines and areas, if any, are not shown hereon.
- 8) Underground utilities shown hereon may be based solely or in part on the following: Markings provided by utility companies, plans requested from utility providers, observed above ground evidence and remote sensing measurements taken by the surveyor. All evidence of underground utilities made available to the surveyor are shown hereon. However, lacking excavation, the exact location of underground features cannot be accurately, completely, and reliably depicted. Where additional or more detailed information is required, the user of this survey is advised that excavation and/or a private utility locate request may be necessary. Due to limitations outside the surveyor's control, underground infrastructure or utilities may exist within or near the subject property that are not depicted hereon.
- 9) It is hereby certified that a survey of the hereon described property was made under my supervision and meets the standards of practice set forth by the Florida Board of Professional Surveyors and Mappers in Chapter SJ-17.060 FAC, pursuant to Section 472.027, FS.

Event Number:	2023736631
On Arrival Did You Check-in:	YES
Number of field interview reports:	0 - no trespassers at lodge throughout the night
Number of parking tickets:	9 green tags given
Amount of time running radar:	Not equipped with radar
Were there any other types of violations, such as trespassing, written warnings, additional event numbers:	No traffic violations observed, nine green tags given on Grasmere and Garden Walk, no trespassers observed in pool or at lodge past 2300 hours.
Please document a detailed Narrative of events that took place during your detail:	Spent the first hour of shift standing by at the lodge to ensure staff left safely. circulated the neighborhood until close to 2300 hours and advised residents in the gym area the area was closing at 2300. All residents in the area left prior to 2300 hours. I green tagged vehicles parked on Grasmere and Garden Walk for parking in the subdivision street. Made multiple on foot patrols around the lodge and did not observe any trespassers/suspicious incidents.

Event Number:	2024001443
On Arrival Did You Check-in:	NO
Number of field interview reports:	0
Number of parking tickets:	0
Amount of time running radar:	1.5 hours
Were there any other types of violations, such as trespassing, written warnings, additional event numbers:	4 parking warnings issued (all on Citrus Blossom).
Please document a detailed Narrative of events that took place during your detail:	At start of detail I went to the Ranger Station and obtained the pool/gym key card. I then went to the clubhouse. Due to the holiday there was no staff present. I patrolled the pool, gym, and clubhouse on foot. I also checked the pier on Cormorant Cove. I patrolled the community and monitored for speeders. I observed a few cars parked in the streets. However, traffic was not impeded and I was lenient due to the holiday. I made sure the gym was vacated at 11:00PM. No problems were reported or observed for the shift.

Please document a detailed Narrative of events that took place during your detail:	I provided security as requested and patrolled the clubhouse, pool area, gym, docks, and parks throughout the community. On arrival, I checked in with the lodge staff for any special concerns (they did not express any). I picked up the access card from the ranger's station and patrolled the fitness center and pools on foot. I would later return the access card at end of my shift. During my shift, I checked the dock on Cormorant Cove. I do not have a radar issued to me so I was unable to run one unfortunately. At 10:00pm I ensured the staff safely accessed their vehicles. No one was seen in and/or around the pools or Jacuzzi after closing. No major incidents occurred during my shift.

On 01/27/2024 at 2100 hours, I conducted a security detail at Wilderness Preserve located at 21320 Wilderness Lake Blvd. Land O'Lakes 34637. The following are a summary of my patrol detail.

Before my arrival, I texted Tish Dobson and advised them of my detail. Tish stated no issues.

Upon arrival, I retrieved the key card from the ranger station and conducted a security patrol at the entrance. No traffic violations observed.

At 2130 hours, I met with lodge staff who stated no issues besides individuals speeding through the parking area. I conducted a patrol of the parking area and observed no unsafe vehicle operation.

At 2200 hours, I met with Tish at the lodge who advised of individuals using the hot tub after hours. I conducted a pool and dock foot patrol and observed no unauthorized persons.

At 2220 hours, I provided security for Tish and her employees as they secured the lodge and left in their POVs for the evening. No unsafe conditions observed.

At 2230 hours, I conducted a security patrol of the parking area. Nothing suspicious observed.

At 2300 hours, I conducted a walking patrol of the gym area, observed no unauthorized persons, deactivated the front lighting and secured the doors as requested.

At 2315 hours, I conducted a traffic detail at Night Heron Dr. No violations observed.

At 2345 hours, I conducted walking patrol of the pool area. No unauthorized persons observed.

At 0000 hours, I patrolled the parking area of the club house. Nothing notable observed.

At 0030 hours, I conducted a final patrol near the ranger station that included a traffic detail. No violations observed.

I took no further action. M. Surita 7228

Please document a detailed Narrative of events that took place during your detail:

Upon arrival, I obtained the FOB key from the Ranger Station. When I arrived at the clubhouse, I did not see anyone inside. I called Tish via cellphone to let her know I was in the neighborhood and provided her with my agency cellphone number if she needed to get in contact with me. I walked the clubhouse to familiarize myself with everything. I found Megan the on duty representative in another part of the clubhouse. Megan provided me the pertinent information I needed to know about the community and the problems with kids near the boat ramp. I provided Megan with my agency issued cellphone number to get in contact with me if a problem occurred. I conducted directed patrols through the community from approximately 2010 hours until 2100 hours. I sat in the clubhouse parking to watch all staff leave the clubhouse for the evening around 2100 hours. I checked the clubhouse doors and surrounding structures to make sure the doors were secure after they left. I conducted more directed patrols through the community and addressed two illegal parking incidents documented under event numbers 2024058736 and 2024058803. The residents at 7925 Fox Grove were advised to move two vehicles that were blocking the road. The residents at 7835 Fox Grove were also advised to move two sedans that blocked the road on a blind turn. All residents moved their vehicles without incident. At approximately, 2250 hours, I came back to the clubhouse and started to shut off lights and televisions in the gym. The last remaining guest left at approximately 2255 hours. I checked the gym to make sure the doors were secured. I walked the pool area to make sure nobody was in the hot tub. I checked the clubhouse grounds and did not locate anyone on the property after 2300 hours. From 2300 hours until 0000 hours, I conducted directed patrols through the community. At approximately 2336 hours, I observed a suspicious gray color Toyota sedan sitting in the parking lot of the clubhouse running. As I pulled into the parking lot of the clubhouse, the vehicle drove away quickly. I conducted a traffic stop on the vehicle. I was greeted by Martha Ramos and Edwin Ramirez. I was informed he was driving her home. Martha confirmed this. I advised both parties how suspicious it is to be parked outside a closed clubhouse at night.

Potential Future Projects

Date Entered	Project	Task	Update 1	Update 2	Estimated Completion Date
8/15/2022	Storage Shed	Add a 10x16 shed to where an empty lot now sits.	Obtained 3 bids from area dealers. Received proposal from Site Masters to add a concrete slab to support the structure. Chuck from GHS has determined the area is good from a drainage perspective.	Directed to suspend activity for the time being, which would involve obtaining proposal for additional security camera and determining costs to insure the contents of the storage shed. Board must first determine whether this is a project they are even interested in first. Tabled at the Oct. & Nov. meeting.	Tabled
2/1/2023	Security Improvements	Add new security cameras to account for several (7) areas in the amenities areas and at the outer parks where we are currently blind.	Met with Convergent for initial consultation and then with DCSI for more specific recommendations as far as hardware is concerned. Proposal pending. Additional proposals forthcoming.	Received proposal from DCSI for new camera system with expanded capabilities beyond the 30 channels our current system provides. Awaiting proposal for the cameras.	Tabled
1/28/2023	Seasonal Security Patrols	Add professional security patrol services during the summer break period of 5/23 – 8/23.	Received multiple bids and presented to the Board at the March meeting. Advised to revisit the numbers and indicate where in the budget to draw that from, then come back present again at the April meeting. Numbers have been crunched and it is on the April Agenda.	On hold per the Board.	Tabled
10/1/2023	Consider enhancing the Osprey Point and Quail Trace monument islands.				On hold.

21 *The following is a summary of the discussions and actions taken at the January 3, 2024 Preserve at
22 Wilderness Lake CDD Board of Supervisors Regular Meeting.*

23 **SECOND ORDER OF BUSINESS – Pledge of Allegiance**

24 The Pledge of Allegiance was recited.

25 **THIRD ORDER OF BUSINESS – Audience Comments – (*limited to 3 minutes per individual for agenda
26 items*)**

27 There being none, the next item followed.

28 **FOURTH ORDER OF BUSINESS – Exhibit 1: Presentation of Proof of Publication(s)**

29 **FIFTH ORDER OF BUSINESS – Supervisor Comments**

30 In response to an inquiry about general engineering reports, Ms. Dobson stated that she had not
31 received any but could reach out to the District Engineer, and noted that the survey had been ordered
32 with the report forthcoming. Ms. Dobson added that she had not yet heard back from Pasco County
33 regarding any signoff for the roadway.

34 **SIXTH ORDER OF BUSINESS – Staff Reports**

35 A. Landscaping & Irrigation

36 Prior to discussing the reports and proposals, Ms. Edwards noted that she had met with Ms. Dobson
37 regarding both the landscaping contract renewal and the mulching contract, and stated that both of
38 the contracts would be provided for the Board's review at the February meeting. Ms. Edwards
39 commented that, based on her estimates, both items would run over budget, particularly expressing
40 concern about the spending rate over the past couple of months due to irrigation issues needing
41 repairs.

42 1. RedTree Report

- 43 2. Exhibit 2: RedTree Landscape Inspection Report – November & December
- 44 Mr. Lucadano presented the report, commenting that the turf coloration was good for the
- 45 time of year, and provided an overview of turf and tree work that was ongoing and
- 46 completed. Discussion ensued regarding clean hedge lines and maintaining plants at a
- 47 regular height. Ms. Dobson recalled that in previous years a spreadsheet was maintained
- 48 which would log the dates whenever a landscaping supervisor came in, which would be
- 49 helpful both for RedTree’s crew and the lodge.
- 50 3. Exhibit 3: RedTree Proposals (if any)
- 51 a. ADA Playground Mulch Installation – Lodge Playground
- 52 b. ADA Playground Mulch Installation – Caliente Park
- 53 c. ADA Playground Mulch Installation – Foxgrove DR.
- 54 d. ADA Playground Mulch Installation – Citrus Blossom Dr. & Whispering Wind
- 55 Dr.
- 56 Consideration of the ADA playground mulch installation proposals was tabled.
- 57 Mr. Lucadano provided some information on how the cubic yardage of mulch was
- 58 determined, noting that this generally required a site visit due to variable depths.
- 59 Comments were made noting that the cost of the proposals exceeded the budgeted
- 60 amount for the year, and Mr. Lucadano acknowledged that there was little wiggle
- 61 room for the rate per cubic yard given current material costs.
- 62 B. Aquatic Services
- 63 1. Exhibit 4: GHS Environmental Report
- 64 In response to Supervisor questions, Ms. Dobson stated that she felt that the current
- 65 frequency of site visits was appropriate, as this time of year was outside of the typical algae
- 66 growth season. Discussion ensued regarding wetland projects in advance of the rainy
- 67 season.
- 68 C. District Engineer
- 69 The District Engineer was not present.
- 70 D. District Counsel
- 71 Mr. Vericker stated that he had nothing to report.
- 72 E. Community Manager
- 73 1. Exhibit 5: Presentation of Community Manager Report
- 74 Ms. Dobson provided an overview of holiday events held throughout the month of
- 75 December.
- 76 The Board and Ms. Dobson discussed the newsletter and establishing various parallel forms
- 77 of communication to ensure ease of access to as many residents as possible, including
- 78 limited print production of the newsletter, as well as installation of signage on the main
- 79 boulevard to advertise major community events. Comments were made in favor of moving
- 80 forward with utilizing Constant Contact to get messages out to the community via text.

81 On a MOTION by Ms. Ruhlig, SECONDED by Ms. Hepner, WITH ALL IN FAVOR, the Board approved
 82 utilizing Constant Contact as a platform to communicate with residents via text messages, for the Preserve
 83 at Wilderness Lake Community Development District.

84 Following the motion, Ms. Cortina provided information on the capabilities of an app that
 85 had been developed at Vesta and was being implemented in various communities,
 86 including Triple Creek.

87 F. District Manager

88 1. Exhibit 6: Presentation of District Manager & Field Operations Report

89 Ms. Dobson and the Board discussed ongoing efforts to fill staff vacancies, noting that a
 90 candidate who she felt would fit the full-time position planned on coming in for a second
 91 interview. Discussion ensued regarding hourly rates and schedule flexibility.

92 Ms. Dobson additionally provided information regarding the transition of her portfolio to
 93 exclusively work for the Preserve at Wilderness Lake CDD, explaining that Mr. Smith
 94 would be discussing specifics with the Chair and that the addendum would be written and
 95 brought forward once the transition was completed.

96 Ms. Hepner observed that about a dozen hogs had been removed from the property over
 97 the past 12 months, and suggested that the program be scaled back to free up some of the
 98 associated funds. Ms. Dobson commented that similarly removing pressure at other
 99 communities had resulted in hog population resurgence, though offered to research less
 100 expensive options.

101 Ms. Dobson provided an update on an incident involving vandalism in the bathroom and
 102 areas in Deerfield, stating that she had coordinated with parents and the HOA. Ms. Dobson
 103 stated that individuals involved were remorseful, and that no subsequent signs of repeat
 104 incidents had been observed.

105 Ms. Dobson stated that the swim lesson marketing materials would be forthcoming, and
 106 that these would be posted in the February newsletter. Further discussion ensued regarding
 107 additional classes including CPR, AED, and first aid instruction.

108 **SEVENTH ORDER OF BUSINESS – Consent Agenda**

109 A. Exhibit 7: Consideration for Approval – The Minutes of the Board of Supervisors Regular Meeting
 110 Held December 6, 2023

111 B. Exhibit 8: Consideration for Acceptance – The November 2023 Unaudited Financial Report

112 Ms. Edwards asked about a one-pager that had been on previous financial reports, and Ms. Dobson
 113 stated that she could work with the individual in the accounting department responsible for
 114 preparing the reports to get these made moving forward.

115 C. Exhibit 9: Consideration for Acceptance – The November 2023 Operations & Maintenance
 116 Expenditures

117 On a MOTION by Ms. Ruhlig, SECONDED by Ms. Edwards, WITH ALL IN FAVOR, the Board approved
 118 all items of the Consent Agenda, as presented, for the Preserve at Wilderness Lake Community
 119 Development District.

120 **EIGHTH ORDER OF BUSINESS – Business Items**

121 There were no Business Items discussed.

122 **NINTH ORDER OF BUSINESS – Supervisors Requests**

123 Ms. Hepner requested that communications between Mr. Smith and specific Board members about
124 major items of discussion be relayed to the Board.

125 Ms. Fisher inquired about the baby station in the restrooms, suggesting that it be shifted
126 downwards. Ms. Dobson noted that the current staff could lower the station down to where the edge
127 of the tile began, but drilling into the actual tile could run the risk of damage. Ms. Dobson stated
128 that she could look into the ADA standards for baby stations, in case there was any new or changed
129 guidance.

130 **TENTH ORDER OF BUSINESS – Audience Comments – New Business**

131 There being none, the next item followed.

132 **ELEVENTH ORDER OF BUSINESS – Next Meeting Quorum Check: February 7, 6:30 PM**

133 All Board members present stated that they would be able to attend the next meeting in person,
134 which would constitute a quorum.

135 **TWELFTH ORDER OF BUSINESS – Adjournment**

136 Ms. Dobson asked for final questions, comments, or corrections before requesting a motion to
137 adjourn the meeting. There being none, Ms. Ruhlig made a motion to adjourn the meeting.

138 On a MOTION by Ms. Ruhlig, SECONDED by Ms. Edwards, WITH ALL IN FAVOR, the Board
139 adjourned the meeting at 12:05 p.m. for the Preserve at Wilderness Lake Community Development District.

140 **Each person who decides to appeal any decision made by the Board with respect to any matter considered*
141 *at the meeting is advised that person may need to ensure that a verbatim record of the proceedings is made,*
142 *including the testimony and evidence upon which such appeal is to be based.*

143 **Meeting minutes were approved at a meeting by vote of the Board of Supervisors at a publicly noticed**
144 **meeting held on February 7, 2024.**

The Objective and Scope of the Audit of the Financial Statements

You have requested that we audit the financial statements of Preserve at Wilderness Lake Community Development District, (the "District"), which comprise governmental activities and each major fund as of and for the years ended September 30, 2022, 2023, 2024, 2025, and 2026 which collectively comprise the basic financial statements. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter for the year ending September 30, 2022, with optional renewals for the years ending September 30, 2023, 2024, 2025, and 2026.

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

The Responsibilities of the Auditor

We will conduct our audit in accordance with (GAAS). Those standards require that we comply with applicable ethical requirements. As part of an audit in accordance with GAAS, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for the reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS.

We will maintain our independence in accordance with the standards of the American Institute of Certified public Accountants.

The Responsibilities of Management and Identification of the Applicable Financial Reporting Framework

Management is responsible for:

1. Identifying and ensuring that the District complies with the laws and regulations applicable to its activities, and for informing us about all known violations of such laws or regulations, other than those that are clearly inconsequential;
2. The design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the District involving management, employees who have significant roles in internal control, and others where the fraud could have a material effect on the financial statements; and
3. Informing us of its knowledge of any allegations of fraud or suspected fraud affecting the District received in communications from employees, former employees, analysts, regulators, short sellers, vendors, customers or others.

The Board is responsible for informing us of its views about the risks of fraud within the entity, and its knowledge of any fraud or suspected fraud affecting the entity.

Our audit will be conducted on the basis that management acknowledges and understands that it has responsibility:

1. To evaluate subsequent events through the date the financial statements are issued or available to be issued, and to disclose the date through which subsequent events were evaluated in the financial statements. Management also agrees that it will not conclude on subsequent events earlier than the date of the management representation letter referred to below;
2. For the design, implementation and maintenance of internal control relevant to the preparations of fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; and
3. To provide us with:
 - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements including information relevant to disclosures;
 - b. Draft financial statements, including information relevant to their preparation and fair presentation, when needed to allowed for the completion of the audit in accordance with the proposed timeline;

- c. Additional information that we may request from management for the purpose of the audit; and
- d. Unrestricted access to persons within the District from whom we determine it necessary to obtain audit evidence.

As part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the audit, including among other items:

1. That management has fulfilled its responsibilities as set out in the terms of this arrangement letter; and
2. That it believes the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Reporting

We will issue a written report upon completion of our audit of Preserve at Wilderness Lake Community Development District's financial statements. Our report will be addressed to the Board of Preserve at Wilderness Lake Community Development District. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement.

Records and Assistance

During the course of our engagement, we may accumulate records containing data that should be reflected in the of Preserve at Wilderness Lake Community Development District books and records. The District will determine that all such data, if necessary, will be so reflected. Accordingly, the District will not expect us to maintain copies of such records in our possession.

The assistance to be supplied, including the preparation of schedules and analyses of accounts, has been discussed and coordinated with Tish Dobson. The timely and accurate completion of this work is an essential condition to our completion of the audit and issuance of our audit report.

Other Relevant Information

In accordance with Government Auditing Standards, a copy of our most recent peer review report has been provided to you, for your information.

Report on the Firm's System of Quality Control

To the Partners
Berger, Toombs, Elam, Gaines & Frank, CPAs, PL
and the Peer Review Committee of the Florida Institute of Certified Public Accountants

October 30, 2019

We have reviewed the system of quality control for the accounting and auditing practice of Berger, Toombs, Elam, Gaines & Frank, CPAs, PL, (the firm), in effect for the year ended May 31, 2019. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control, and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including a compliance audit under the Single Audit Act.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Berger, Toombs, Elam, Gaines & Frank, CPAs, PL, in effect for the year ended May 31, 2019, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)*, or *fail*. Berger, Toombs, Elam, Gaines & Frank, CPAs, PL has received a peer review rating of *pass*.

**ADDENDUM TO ENGAGEMENT LETTER
PRESERVE AT WILDNERNESS LAKE COMMUNITY DEVELOPMENT DISTRICT
DATED MARCH 2, 2022**

Public Records. Auditor shall, pursuant to and in accordance with Section 119.0701, Florida Statutes, comply with the public records laws of the State of Florida, and specifically shall:

- a. Keep and maintain public records required by the District to perform the services or work set forth in this Agreement; and
- b. Upon the request of the District's custodian of public records, provide the District with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law; and
- c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the Agreement if the Auditor does not transfer the records to the District; and
- d. Upon completion of the Agreement, transfer, at no cost to the District, all public records in possession of the Auditor or keep and maintain public records required by the District to perform the service or work provided for in this Agreement. If the Auditor transfers all public records to the District upon completion of the Agreement, the Auditor shall destroy any duplicate public records that are exempt or confidential and exempt from public disclosure requirements. If the Auditor keeps and maintains public records upon completion of the Agreement, the Auditor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the District, upon request from the District's custodian of public records, in a format that is compatible with the information technology systems of the District.

Auditor acknowledges that any requests to inspect or copy public records relating to this Agreement must be made directly to the District pursuant to Section 119.0701(3), Florida Statutes. If notified by the District of a public records request for records not in the possession of the District but in possession of the Auditor, the Auditor shall provide such records to the District or allow the records to be inspected or copied within a reasonable time. Auditor acknowledges that should Auditor fail to provide the public records to the District within a reasonable time, Auditor may be subject to penalties pursuant to Section 119.10, Florida Statutes.

IF THE AUDITOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE AUDITOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT/CONTRACT, THE AUDITOR MAY CONTACT THE CUSTODIAN OF PUBLIC RECORDS FOR THE DISTRICT AT:
